Dang. it sure is nice out today!

Yeah. they said it was supposed to be pretty clear out.

It's supposed to storm tomorrow I think. It'll be nice to listen to the rain in bed when I get home.

Oh wait!! I can't believe I forgot to tell you about this!!

What?

You will never guess what I Found today.

What?

You have to guess!!!

Uh.. I don't know. A movie?

Nope!!!!

I don't know then. What?

A Gameguy and some games!!!!!

Really? Well that sounds pretty neat. Where'd you find it?

At the mall!!!!

Ted, I hope you were careful. You know no one's supposed to go in there without a group.

GAMEGUY

Anyway, I'm really looking forward to trying it tonight!!

You think it'll still work?

I think so, maybe? It's still in its box and I've read that they're really durable, so it might.

Well, that's pretty neat.

I'm not so sure about the games, though. They were just lying around, so they might have been damaged, but externally they looked ok so we'll see I guess.

Oh yeah
I got a couple

Aren't those people from
Arston coming to meet with

Yeah, probably.

Pretty good.
Got the samples
I needed for the

How about you,

How about you though?
How was your day?

Ok, then make sure you have your stuff together tomorrow morning, alright?

Yep!

Remember how close you came last time, ok?

Yeah, yeah, I got it! I know!!! I know!!!

I know.

I'll keep my crap together this time!!!

Ok

Because if you get fired I'm not letting you move in with Kevin and me.

Well then I guess I'll just have to lay on your porch and make real sad noises until you feel sorry for me.

"sad noises"?

yeah, sad noises. Like sobs, coughs, groans, etc.
